Together, We're Building Homes, Communities and Hope !

Dear Friends,

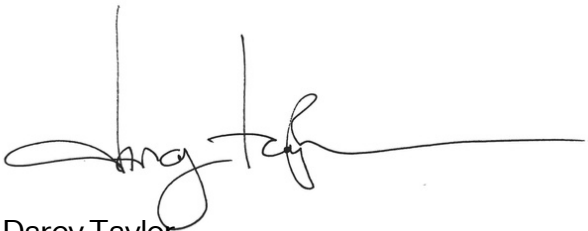

Please join us for Habitat Ventura's Women Build in March 2026! Our Women Build brings together women from all walks of life to address the housing crisis facing Ventura County women and families. Women Build encourages women to give back to their community while helping us make a difference in the lives of local families. Get involved with Women Build today!

This year, Women Build participants will repair homes in Ventura County. Additional scope of work may be added as needs arise.

Participants will spend the day giving back to the community while hearing from our staff, volunteers, board members, and families. Together, we will raise awareness and support around the challenges women face in accessing safe, decent, and affordable housing for themselves and their families. At Habitat Ventura, we create affordable homeownership opportunities that allow families to live healthier, happier lives. Over the past 40 years, we have built and sold 85 affordable homes and completed more than 400 critical health and safety repairs for families across Ventura County.

You can help us increase our impact by sponsoring our Women Build 2026 event. All proceeds raised by this event will support safe, decent, and affordable shelter for local individuals and families. In addition to participation in the event, your investment also comes with promotional opportunities, which will allow you to expand your reach in the community.

Thank you for your help and consideration,
